## PART 1 – INTRODUCTION

### 1.1 Invitation to Proponents

The City of Clarence-Rockland, Infrastructure and Planning Department is implementing a Roster system to retain the services of one or more consulting firms for engineering and construction assignments on an “as and when requested” basis under a standing offer agreement. The duration of the agreement is from April 16, 2019, to April 30, 2022 with the option for annual two (2) one (1) year renewals to April 30 2024.

The Roster will be created by listing those firms that best meet the qualifications in each of the specialized roster disciplines. Only those firms submitting in response to this RFP will have the opportunity to be listed on the Roster. The City will review consultants’ qualifications and select firms to include on the Roster using the criteria described in this RFP. Selection to a Roster discipline does not provide any guarantee of roster assignments.

The City’s goal in implementing the Engineering and Construction Consultant’s Roster (ECCR) is to shorten project cycle times, decrease project costs and provide ‘best-fit’ matching flexibility for engineering assignments. Consultants are expected to benefit because the Roster process consolidates the selection process and reduces business development costs associated with the traditional 3-step (Expression of Interest (EOI), RFP and interview) process currently used by many public agencies. The ECCR developed in this process will be effective starting on or about April 16, 2019 and will be used for approximately three years with the option for annual two (2) one (1) year renewals to April 30 2024 with annual reviews and updates. Years four ((4)2023)) and five ((5)-2024)) will be subject to an adjustment in accordance with published Statistics Canada Consumer Price Index (CPI) – Ontario All Goods Index for the preceding twelve (12) month period.

Within the term of the Roster, the City retains the right and discretion to add or remove consulting firms to the Roster with an annual performance review (refer to attachment Appendix “F”) and update period that typically will occur during January/February of each year.

#### Roster Categories

Consultants and professionals in the following Roster Categories are required:

1. Municipal Engineering (inclusive of the Municipal Class Environmental Assessment and Land Use Planning)
2. Transportation Planning and Traffic Engineering
3. Water Resources Engineering, Surface Hydrology and Stormwater Management including Stormwater and Flood Monitoring
4. Geotechnical Engineering (inclusive of Investigation and Construction Materials Testing Services)
5. Electrical & Mechanical Engineering
6. Structural Engineering
7. Professional Land Survey, Geomatics and Utility Contract Services, Including Ontario Land Surveyor (OLS)
8. Infrastructure Planning and Asset Management (inclusive of Sustainable Engineering, Climate Change Adaptation, Green and Innovative Construction)

Candidates acknowledge and agree that the number of Rostered Consultants may, or may not, total more than one Consultant for any given Roster Category and that a Consultant may be listed under more than one Roster Category. All Candidates further acknowledge and agree that the City reserves the right to add or decrease any number of Rostered Consultants for any Roster Category, without limitation. City also reserves the right to delete a roster category.

## 1.2 Process for Selection from the Roster

The City will provide a brief description of the project, technical brief, design summary or general scope of work. The selected Rostered Consultant is to provide a detailed task breakdown schedule with associated fees. Upon acceptance, the City will issue an award notice with a directive to proceed. The City's standard consulting agreement may be utilized, or the City may elect to simply issue a Purchase Order as commitment for individual roster assignments. The City reserves the right not to award the roster assignment and to re-issue requests for consulting services at their sole discretion.

The Roster Program is governed by the City of Clarence-Rockland's Purchasing Policies and Procedures. The Roster is one of a variety of methods that the City will utilize for obtaining consulting services. Roster undertakings are limited to consulting and professional assignments assignments will be on an "as and when requested" basis under a standing offer agreement.

Candidates are also advised that Roster Assignments are intended, for the most part, to be presented to highest ranked Consultant by telephone within the required Category. In the event the Proponent is unavailable, the City Representative shall proceed to the next highest ranked Proponent within the List and within the required category. Staff may also opt to solicit bids from all rostered consultants within a particular discipline as determined by the City in its sole discretion.

Should it be found that a rostered consultant is consistently presenting high fees for service, or if the performance of the rostered consultant is substandard in the eyes of the project managers, the consultant will be notified of the concerns and issues and given the opportunity to repair the relationship. If the issues are unable to be resolved, the City, at its sole discretion may remove said consultant from the Roster may elect to solicit a replacement.

The establishment of the Roster is undertaken separately from the approval of the City's Capital Budget. The award of any assignment shall be based on the amount and type of approved funds, the specific requirements of the assignment, the availability of the Consultant, and the City's acceptance and approval of the Rostered Consultant's Assignment Proposal.

**All Candidates submitting a response to this RFP acknowledge and agree that acceptance by the City of any Submittal, and consequent addition to a Roster Category, does not constitute a guarantee of work**

## **PART 3 - EVALUATION OF PROPOSALS**

### **3.1 Stages of Proposal Evaluation**

The Purchaser will conduct the evaluation of Proposals in the following five (5) stages:

<b>Stage Number</b>	<b>Title of Evaluation Stage</b>
Stage I	Mandatory Requirements
Stage II	Rated Requirements
Stage III	Pricing
Stage IV	Cumulative Score
Stage V	Tie Break

#### **3.1.1 Stage I – Review of Mandatory Requirements**

Stage I will consist of a review to determine which Proposals comply with all of the mandatory requirements.

Proposals which do not comply with all mandatory requirements, may subject to the express and implied rights of the Purchaser, be disqualified and not be evaluated further.

#### **3.1.2 Stage II – Rated Requirements (Appendix “E”)**

Stage II will consist of a scoring, by the Purchaser, of each qualified Proposal on the basis of rated requirements.

Rated requirements will be evaluated and Proponents must achieve the minimum score, as noted in order for the Proponent to move into Stage III of the evaluation. Proposals failing to meet the minimum score requirement for a rated requirement will be disqualified and not evaluated further.

Refer to Section 3.1.4 below as it related to reference checks.

#### **3.1.3 Stage III – Pricing**

Stage III will consist of an evaluation and scoring of pricing submitted by Proponents as set out in Appendix C. All provisional pricing shall include, without limitation, all professional fees, consulting fees, materials, staff time, sub-consulting fees and other Service fees, all disbursements, costs, expenses, Taxes other than HST, allowances and charges whatsoever, all items and incidentals to be provided pursuant to the RFP and anything properly included as a best practice

#### **3.1.4 Stage IV – Cumulative Score**

At the conclusion of Stage III, all scores will be added and, subject to satisfactory reference checks and the expressed and implied rights of the Purchaser, the highest scoring Proponent will become the Preferred Proponent.

Reference checks will be performed to confirm or clarify information provided within the Proponent’s Proposal. The reference checks themselves will not be scored, however the Purchaser may adjust rated requirements scoring related to the information obtained during the reference check.

### 3.1.5 Stage V - Tie Break

At this stage, where two (2) or more Proposals achieve a tie score on completion of the evaluation process, the Purchaser shall break the tie by “flip of a coin”. This action shall be taken in the presence of both Bidders.

### 3.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

A Proposal must include the following three (3) mandatory forms:

Appendix	Title of Appendix
Appendix B	Form of Offer
Appendix C	Rate Bid Form
Appendix C-2	Response Time

Other than inserting the information requested on the mandatory submission forms set out in this RFP, a Proponent may not make any changes to any of the forms. Any Proposal containing any such changes, whether on the face of the form or elsewhere in its Proposal, may be disqualified.

#### 3.2.1 Form of Offer - Appendix B (Mandatory Form)

Each Proposal must include a Form of Offer (Appendix B) completed and signed by the Proponent.

##### (a) Conflict of Interest

In addition to the other information and representations made by each Proponent in the Form of Offer, each Proponent must declare whether it has an actual or potential Conflict of Interest. If, at the sole and absolute discretion of the Purchaser, the Proponent is found to be in a Conflict of Interest, the Purchaser may, in addition to any other remedies available at law or in equity, disqualify the Proposal submitted by the Proponent.

The Proponent, by submitting the Proposal, warrants that to its best knowledge and belief no actual or potential Conflict of Interest exists with respect to the submission of the Proposal or performance of the contemplated Agreement other than those disclosed in the Form of Offer. Where the Purchaser discovers a Proponent’s failure to disclose all actual or potential Conflicts of Interest, the Purchaser may disqualify the Proponent or terminate any Agreement awarded to that Proponent pursuant to this Proposal process.

##### (b) General

The Purchaser, in addition to any other remedies it may have in law or in equity, shall have the right to rescind any Agreement awarded to a Proponent in the event that the Purchaser determines that the Proponent made a misrepresentation or submitted any inaccurate or incomplete information in the Form of Offer.

Other than inserting the information requested and signing the Form of Offer, a Proponent may not make any changes to or qualify the Form of Offer in its Proposal. A Proposal that includes conditions, options, variations or contingent statements that are contrary to or inconsistent with the terms set out in the RFP may be disqualified. If a Proposal is not disqualified despite such changes or Proposals, the provisions of the Form of Offer as set out in this RFP will prevail over any such changes or Proposals in or to the Form of Offer provided in the Proposal.

### **3.2.2 Rate Bid Form – Appendix C (Mandatory Form)**

The Rate Bid Form, completed by the Proponent in accordance with the instructions contained below and in Appendix C, provided that the following shall apply:

- All prices shall be provided in Canadian funds and shall include all applicable customs duties, tariffs, overhead, materials, fuel, office support, profit, permits, licenses, labour, carriage, insurance, Workplace Safety Insurance Board costs, and warranties, and further shall not be subject to adjustment for fluctuation in foreign exchange rates.
- All prices shall be quoted exclusive of the harmonized sales tax (HST) or other similar taxes, each of which, if applicable, should be stated separately
- All prices quoted, unless otherwise instructed in this RFP, shall remain firm for the Term of the Agreement as set out in the RFP
- Travel, accommodation, and other costs shall be at the Proponent's expense.
- In the event of any discrepancy in the pricing, the lowest unit price submitted shall prevail
- The Proponent is deemed to confirm that it has prepared its Proposal with reference to all of the provisions of the RFP, that it has factored all of the provisions of the Agreement into its pricing assumptions, calculations and into its proposed Pricing.

A Proposal that includes conditional, optional, contingent or variable rates that are not expressly requested in the Rate Bid Form may be disqualified.

### **3.2.3 Response Time – Appendix C-2 (Mandatory Form)**

The Response Time, completed by the Proponent in accordance with the instructions contained below and in Appendix C-2, provided that the following shall apply:

- The maximum allowable response time to be on site for a proponent shall be two (2) hours from the time a confirmation via telephone or email was acknowledge.

### **3.3 Stage II – Evaluation of Rated Requirements (75)**

Proposals that are deemed compliant in Stage I Mandatory Requirements will qualify to be evaluated further.

Rated requirements will be evaluated and, where applicable, Proponents must achieve the minimum score, as noted in order for a Proponent to move into Stage III.

Proposals failing to meet the minimum score requirement (60) for a rated requirement, where applicable, will be disqualified and not evaluated further.

It is important that Proposals clearly provide all the necessary information so that a thorough assessment of the Proponents' experience, qualifications and capabilities can be made. Responses and substantiating documentation should be direct and grouped together with

an index provided to ensure the Evaluation Team is able to locate particular information.

In the case that contradictory information or information that contains conditional or qualifying statements is provided with respect to a requirement, the Purchaser will, in its sole and absolute discretion, determine whether the response complies with the requirements, and may

seek clarification from the Proponent. The contradictory or qualifying information may result in the Proponent receiving a low score for that particular rated requirement.

### 3.4 Step 2 – Evaluation of Cost Proposals

All Proposals succeeding through step 1 and receiving an evaluation score, as adjusted after the interview (if at all), at or greater than the Benchmark, will have their Form of Proposal – Costing – Step 2 envelope opened and evaluated during step 2.

Provisional Pricing will be evaluated by using the following calculation. The Purchaser will not accept pricing assumptions.

The below illustrates how points will be calculated - using a relative formula (i.e. by dividing that Proponent’s price into the lowest bid price) for proposed pricing on the Rate Bid Form:

EXAMPLE –PRICING EVALUATION		
Proposed Prices	Calculation	Resulting Points
If Proponent 1 proposes on Appendix B the lowest bid price, that Proponent will receive 100% of the possible points.	$\$12.00 \div \$12.00 \times 40$	25
If Proponent 3 bids \$15, it will receive 80% of the possible points.	$\$12.00 \div \$15.00 \times 40$	20
If Proponent 2 bids \$24.00, it will receive 50% of the possible points.	$\$12.00 \div \$24.00 \times 40$	12.5

The above evaluation will occur for all pricing components for each Eligible Proponent.

### 3.5 Potential Negotiations

Notwithstanding any other provision contained in this RFP or a Proponent’s Proposal, the City reserves the right to negotiate with the recommended Proponent in the following circumstances:

- 4.4.1. Where the lowest cost per point and compliant Proposal exceeds the City’s budgeted or estimated costs, the City in its sole and absolute discretion may, but is not obligated to

The Preferred Proponent will have up to ten (10) Days after being notified of the award to sign the Agreement.

After identifying the Preferred Proponent, if any, the Purchaser may attempt to finalize the terms and conditions of the Agreement with the Preferred Proponent, or it may, in its sole discretion, prior to making the award, issue a purchase order to the Preferred Proponent, on terms satisfactory to the Purchaser, as an interim measure.

The Purchaser shall at all times be entitled to exercise its rights under Section 4.6.

For certainty, the Purchaser makes no commitment to the Preferred Proponent that the Agreement will be executed. The Preferred Proponent acknowledges that the commencement of any discussions does not obligate the Purchaser to execute the Agreement.
